SHOW YOUR LIPS SOME LOVE

Your lips feature some of the thinnest skin on your entire body, making them especially prone to damage and dehydration.

The HydraFacial Perk Lip treatment revitalizes your lips with key ingredients like peppermint oil and peony extract — leaving your lips refreshed, hydrated and lightly plumped.

AWAKEN YOUR DELICATE EYE AREA

The first signs of aging show up around the eyes where the skin is extremely delicate and prone to thinning, fine lines and wrinkles. Eyes can also show signs of stress, lack of sleep and poor diet.

The HydraFacial Perk Eye treatment brightens and refreshes your outer-eye area with key ingredients like horse chestnut seed extract and arnica flower extract – leaving this delicate area toned, firmed and hydrated.
