Reverse The Signs of Facial Aging

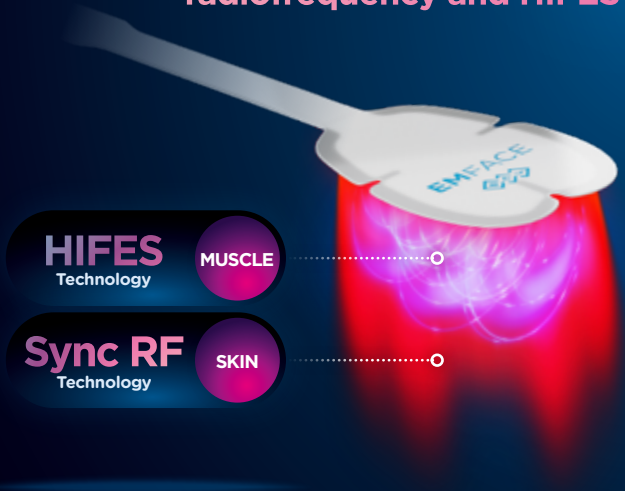
Aging Process

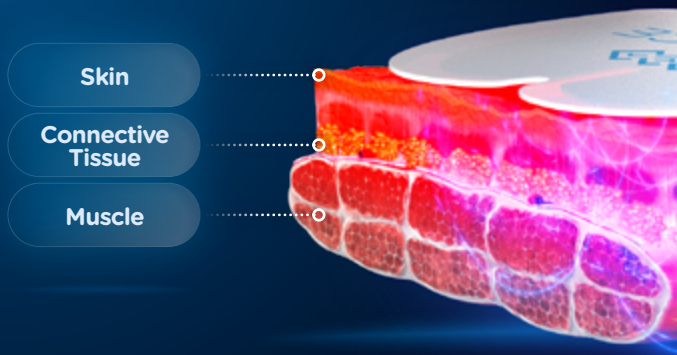
Facial aging is a complex 3 dimensional process, where each anatomical layer of the face changes as we age.

EMFACE Targets:

- Skin
- Connective Tissue
- Muscle

The FIRST & ONLY technology that simultaneously uses synchronized radiofrequency and HIFES™ energies to treat skin & muscle.





How It Works

-37%* **Wrinkle Reduction** on average

SKIN

Sync RF

Remodels & Smooths Skin by heating the dermis and increasing the levels of collagen and elastin fibers.

MUSCLE

+30%* **Muscle Tone** on average

HIFES™

Restores & Elevates Support of Facial Tissues by selectively contracting muscles and increasing density & quality of muscle structure.

SKIN & MUSCLE

+23%* **More Lift** on average

The combined effect of skin remodeling with muscle toning results in enhanced **wrinkle reduction and overall facial lifting**.

Patient results may vary.

FAQ

WHY EMFACE?

EMFACE is the first and only hands-free solution for treating facial skin and muscles just in 20 minutes.

AM I A CANDIDATE?

Everybody can benefit from less wrinkles and more lift. Ask your provider if the treatment is suitable for you.

IS THERE ANY DOWNTIME?

EMFACE is a non-invasive procedure that requires no recovery or downtime after the procedure.

HOW FAST WILL I SEE RESULTS?

You begin to feel tangible results right after the treatments. Positive results are usually reported in four to six weeks after the last session and continue to improve for several weeks following the treatment.

CAN I HAVE EMFACE THERAPY IF I HAVE INJECTABLES?

Having injectables does not rule you out for receiving EMFACE. Consult your provider to tailor the right treatment plan for you.

WHAT DOES IT FEEL LIKE?

EMFACE procedure feels like a facial muscle massage with a warming sensation in the treated area. You can lay down and relax during the treatment.

Patient results may vary.
